damage to property claims.

7. Inspection and Acceptance

Non-conforming services and deliverables

If any of the Services performed or Deliverables delivered do not conform to specified requirements, Customer may require the Affiliate to perform the Services again or replace or repair the non conforming Deliverables in order to bring them into full conformity with the requirements, at Affiliate's sole cost and expense.

When the defects in Services and/or Deliverables cannot be corrected by re-performance, Customer may: (a) require Affiliate to take necessary action, at Affiliate's own cost and expense, to ensure that future performance conforms to the requirements and/or (b) reduce any price payable under the applicable project to reflect the reduced value of the Services performed and/or Deliverables delivered by Affiliate and accepted by Customer.

If Affiliate fails to promptly conform the Services and/or Deliverables to defined requirements or specifications, or take action deemed by Customer to be sufficient to ensure future performance of the project in full conformity with such requirements, Customer may (a) by contract or otherwise, perform the services or subcontract to another Affiliate to perform the Services and reduce any price payable by an amount that is equitable under the circumstances and charge the difference in re-procurement costs back to Affiliate and/or (b) terminate the project and/or this Contract for default.

Subject to the foregoing, this Contract will be binding upon the Parties' heirs, executors, successors and assigns.

Governing law

The Parties shall make a good-faith effort to amicably settle by mutual agreement any dispute that may arise between them under this Contract. The foregoing requirement will not preclude either Party from seeking injunctive relief as it deems necessary to protect its own interests. This Contract will be construed and enforced in accordance with the laws of the State of France, excluding its choice of law rules.

Severability

The Parties recognize the uncertainty of the law with respect to certain provisions of this Contract and expressly stipulate that this Contract will be construed in a manner that renders its provisions valid and enforceable to the maximum extent possible under applicable law.

To the extent that any provisions of this Contract are determined by a court of competent jurisdiction to be invalid or unenforceable, such provisions will be deleted from this Contract or modified so as to make them enforceable and the validity and enforceability of the remainder of such provisions and of this Contract will be unaffected.

Independent contractor

Nothing contained in this Contract shall create an employer and employee relationship, a master and servant relationship, or a principal and agent relationship between Affiliate and Customer. Customer and Affiliate agree that Affiliate is, and at all times during this Contract shall remain, an independent contractor.

Force majeure

Neither Party shall be liable for any failure to perform under this Contract when such failure is due to causes beyond that Party's reasonable control, including, but not limited to, acts of state or governmental authorities, acts of terrorism, natural catastrophe, fire, storm, flood, earthquakes, accident, and prolonged shortage of energy.

In the event of such delay the date of delivery or time for completion will be extended by a period of time reasonably necessary by both Affiliate and Customer. If the delay remains in effect for a period in excess of thirty days, Customer may terminate this Contract immediately upon written notice to Affiliate.

Entire contract

This document and all attached or incorporated documents contains the entire agreement between the Parties and supersedes any previous understanding, commitments or agreements, oral or written. Further, this Contract may not be modified, changed, or

otherwise altered in any respect except by a written agreement signed by both Parties.
